

That we do not wish to appear as a martyr, but attendance at many affairs these last few days to which the public was invited has taken much time. Consequently, we do not have time or space to jot down the juicy bits in this column for our constant reader(s)?

Lack of interest in several of these gatherings was so amazing, that we felt it our duty to chronicle a more or less accurate account in this newspaper in the hope that interest may eventually be aroused and a few volunteers gained for these and other worth-while projects which will be called to your attention from time to time. We would like to suggest that, as you read here stories of work that is being carried on by public spirited men and women, you pause long enough in a busy work-a-day world to commend these people for what they are trying to do. You might even go so far as to make a little effort to find out who they are and speak a personal word. We hope the ministers will forgive us for preaching — they have our permission to write a column any time they wish.

Many Accidents Occur During Past Week

A badly damaged car resulted when L. J. Cormier, 6671 Manchester Blvd., was involved in a car-truck accident on Friday night on Lincoln avenue near Moody street. Truck driver Henry A. Antolin, of Walker street, was cut by flying glass.

Merle E. "Bob" Jensen and Mrs. Jensen of 12130 Sprout street in Norwalk were injured Saturday night on Manchester boulevard near Midway drive when a car collided with theirs. Driver of the other vehicle was Lorraine Lever of Orange. Jensen is popularly known as "Butch" in the M & H Market.

Norville L. Chapman was injured slightly in a two-car collision on Moody street and Grace avenue Sunday. A passenger in the other car, Susie Strain of Brea, also suffered slight injury.

Of interest locally is a serious accident which occurred in Huntington Beach, demolishing the car driven by James M. Harvey, a former resident. Mrs. Gladys Harvey, his wife, and her mother, Vickie DeSpain are still not able to be about, although the accident occurred last Thursday at midnight. The latter has been a patient in Community hospital in Santa Ana. The Harvey's, who now reside in Costa Mesa, sustained painful injuries.

Earl Holmes of Cypress, was taken from the scene of an accident at Stanton avenue and Lincoln avenue one evening last week by ambulance when the car which he was driving was damaged.

School Picnic Tuesday, June 14

Children and parents will bring their own lunches for the school picnic in Anaheim city park on Tuesday, June 14. The P.T.A. will furnish ice cream. The school bus will give transportation insofar possible, but volunteers are needed to take cars, also.

Tuesday morning, a program of movie shorts of a humorous nature will be given in the auditorium. The kindergarten through third grade will be entertained from nine to ten o'clock, and the upper grades will be given an opportunity to see the same program of comics from ten to 11 o'clock. Parents are invited to either show, and at 11 o'clock the school will leave for the park.

After lunch at noon, a program of games is planned for children and adults which are being organized by the men and women teachers. Around 2:30 the picnic group will leave the park for the trip home.

HATS OFF! TO OUR WEATHERMAN

Although he cannot predict the precipitation, he is just the man who can measure the rainfall and give a record for all time. "Dick" Wallace has given unstintingly of his time in keeping an accurate account of the rainfall this last season with a weather gauge which the Businessmen's association purchased over a year ago.

This is the first official reading for this area and the statistics have been used in permanent recordings for communities throughout Orange County.

The Enterprise hopes that some pleasure was derived from the information carried each week in the corner box, thanks to the cooperation of Wallace, but feels that a more timely topic might be found for the summer months.

BOY SCOUT TROOP ARRANGES WELL-PLANNED PROGRAM HERE

One of the nicest investiture services ever given in Orange county was presented to families and friends of the local Boy Scout troop in the school auditorium last Sunday evening. Assisting the boys and conducting the tenderfoot ritualistic ceremony was Scoutmaster Jack Kepner. A very impressive service, it served to remind those present of the gratifying accomplishments which are a result of work with boys through the Boy Scout organization.

Chiefly responsible for the work in Cypress which brought about this first Court of Honor is the sponsoring agency, Cypress Post No. 9847 of the Veterans of Foreign Wars. Represented by certain of its members who have volunteered to serve in this worth-while project, they were introduced as follows:

John Sutphin, chairman; E. E. Luty, assistant scoutmaster; Anthony Sedia, treasurer; Carl Markel, bugler; H. J. "Happy" Kreisler was present as post commander, and Frank Buzzo capably acted as master of ceremonies. Another committeeman, Ted Priddy, was unable to be present.

Speaking on the subject, "Scouting yesterday, today and tomorrow," L. H. Paxton, of the Anaheim council, emphasized the fact that while the boys are being trained to do the things they love best, in scouting based on an out-door program, they are unconsciously being developed into leaders and learning citizenship to make them better men in the future. His subtle hint that there are today forces at work to undermine our democracy by infiltrating the youth program of America, made its point. The nation must be alert and watchful that organizations such as the Boy Scouts are not allowed to fall into the hands of leaders about whom little or nothing is known.

Second class awards in scouting were presented four boys by a review board, whose members are chosen from among business men. Presenting the awards and complimenting the scouts on the fine work which they accomplished were E. V. Corby and Foster Noe. Boys receiving the awards were Ronald Garrison, Wade Martin, Clayton Gouyd and Charles Chambers.

To reaffirm faith in the principles for which the Statue of Liberty is a symbol, a tableau was presented by scouts, assisted by Peggy Flynn. A member of the eighth grade graduating class chosen for the honor, Peggy represented Miss Liberty. Holding high the torch, the message was graphically portrayed.

Pastor of the First Baptist church, the Reverend W. V. Buckner offered the invocation. Gerry Allenman was pianist while the audience joined in singing several songs.

ROBBERS BURGLARIZE TWO BUSINESSES

Thieves tampered with the locks of four buildings at the corner of Miller road and Lincoln avenue Wednesday night.

They successfully entered two of the business houses and made away with about \$50. in merchandise from "C" Thompson's variety store and approximately \$150. in valued merchandise from Gregg's Super Market.

Carl E. Dixon of Richfield station and O. F. Dixon reported that their locks were tampered with.

LEARN ROUTE TO FIRE

Serious Fire Damages Property North of Town on Monday Evening

Called three times to the same spot, the trail became a familiar one to Cypress firemen. A case for Sherlock Holmes, the question to be solved was "who starts the grass fires in the same spot at the same time of day?"

The Cypress volunteer fire department responded to the alarm and put out the blaze each time along the Pacific Electric right of way south of Lincoln avenue and east of Miller road. Cigarettes thrown from the window of a passing street car, due a little after three in the afternoon, is believed to have been the cause of the fires.

On Monday evening, the local fire company raced to a fire at the corner of La Palma and Walker which eventually threatened buildings and got out of control. Also answering alarms were the West Anaheim Fire Department and the Buena Park fire-fighting crews.

Declare P.T.A. Carnival Was Huge Success

Long-awaited, the carnival at the close of the school year which is sponsored by the P.T.A., proved a worthwhile event. The school yard was transformed Friday evening into a real midway, with all sorts of attractions to delight young and old alike.

Among the most popular concessions was the real chuck wagon, serving a variety of delicious foods to tickle the palate. Henry Lissner, husband of one of the school's teachers, was responsible for the donation of a bona fide wagon.

Two performances in the auditorium attracted the attendance of many. Strictly school talent, the shows were extremely entertaining and unusually good. The carnival queen, sixth-grader Susan Zwart, was crowned and her princesses seated who were Mary Lou Hoxsie from the seventh grade and Gladys Slabaugh, eighth grade.

Proceeds from the event will be used in the four-point dental program recently adopted by the P.T.A. organization. General chairman responsible for the success of the affair, which grossed a tidy sum, was the president, Mrs. John Lukens. Heads of several committees were Mrs. Norville Chapman, booths; and Mrs. Louis Wlaschin and Mrs. Richard Hathcock, foods. Much credit is due the many members and teachers who worked unceasingly to make the carnival a success.

CENTRALIA SCHOOL GRADUATION JUNE 14

Thirteen members of this year's graduating class will be guests at special exercises on Tuesday evening, June 14. Dora Cuevas has been named valedictorian. Topic of the commencement address is "The Bell Ringer," to be delivered by the Reverend Rollo Dunham, pastor of the White Temple Methodist church of Anaheim.

Following the graduation exercises, the P.T.A. will entertain the class members at a party which will take place in the Youth Activity center in Buena Park.

LOCAL PASTOR ENJOYS VACATION FROM DUTIES

Enjoying a complete vacation from his duties as pastor of Faith Tabernacle, the Reverend and Mrs. Clarence G. Eigenhuis returned this week from a motor tour of many of the southern states. Part of the two weeks' time was spent on a large ranch in Texas.

During their absence, their four small children were cared for in the home by a member of the pastorate.

NEW DRY CLEANING SHOP TO BE OPENED IN LOS ALAMITOS

P. C. Haskell of Artesia will open a new dry cleaning establishment at 10881 Los Alamitos Blvd. Saturday, June 11.

Haskell states that from 9 a. m. to 6 p. m. on the opening day, every tenth dry cleaning order to be brought in will be done free. There will also be free refreshments throughout the day for those who come to inspect the new place.

The building, directly across from Laurel school, has been redecorated and modernized. Dry cleaning will be done in the Haskell plant in Artesia.

Among the services planned in the near future are a bundle service, which will enable customers to drop their cleaning off at any hour of any day or night, and also Haskell said they plan to carry a complete line of tailored men's and ladies' suits and slacks.

INVITATION TO FUTURE KINDERGARTNERS

Program Planned In Auditorium To Include Parents And Children Who Will Attend School Here Next Year

In order that school officials may gain a "preview" of what to expect in the way of enrollment in the local school's kindergarten next year, parents of children who will be eligible to attend school in the fall are cordially invited to the school on Monday, June 13.

Miss Elizabeth Dickerson, district school superintendent, states that a program is being planned in the school auditorium for potential morning kindergartners at ten o'clock, and at one o'clock for the afternoon classes.

For those who may be sending children to school for the first time, it is explained that the morning group is composed of those children living north of Lincoln avenue and west of Walker street and for afternoon south of Lincoln and east of Walker.

Children five years of age before March 1, 1950, are eligible kindergarten if families so desire their attendance.

The school would appreciate cooperation in this matter of an advanced enrollment so that they may know what to expect and make the necessary plans during the summer vacation period. It is necessary that birth certificates be brought at time of enrollment.

Notices are being sent home with the school children. However, new-comers, or parents not having children in school, are urged to bring their child and be present on Monday if they possibly can for the program in the school auditorium when the morning and afternoon kindergarten classes will be hosts and present a short program.

THANKS

The members of the Cypress VFW Post No. 9847 wish to express their thanks to all the people of Cypress and vicinity who cooperated so wholeheartedly in the organization's recent drive to raise money by selling a television set.

Firemen Have Tickets Ready For Next Dance

Saturday night, June 18, is the night which the Cypress volunteer fire department has set to hold its next dance at the fire hall. The members are asking the public to buy tickets for this occasion and save the evening for this community-wide affair.

Those who were present at the previous dance were delighted with the music furnished by the orchestra which the firemen were fortunate enough to procure. This same band has been asked for a repeat performance for the dance on Saturday, June 18.

Proceeds will be used for fire-fighting equipment which must be furnished by the local volunteers. Funds for much of the extras which the firemen have procured so far have come out of their own pockets. The fire department serves all in the community. All in the community should help the firemen in this project.

Will Be Host To County Group First Time Here

Sponsors of Boy Scout Troop No. 76 consider it a signal honor to welcome the Northern Orange county round table to Cypress Monday evening for its meeting. Composed of scout executives, scout masters and their committeemen, members of Post No. 9847 of the VFW who are active in committee work with the boys and the personnel of the local troop are happy to have this opportunity. They consider it a mark of achievement and progress.

This will be the first time the organization has ever met in Cypress.

The meeting will take place in the school utility room at 7:30 o'clock.

Joyce J. Miller, Rodney Davis Wed In Long Beach

The Belmont Heights Methodist church in Long Beach was the scene Saturday evening of a beautiful wedding ceremony when Miss Joyce Julia Miller was married to Rodney H. Davis. The latter is the son of Mr. and Mrs. C. T. Davis, 922 Molino avenue, in Long Beach. Davis and his brother own and operate the Cypress garage here and Rodney is not unknown in Cypress. He is a student at USC.

Those from Cypress who attended the ceremony were grandparents of the groom, Mr. and Mrs. Frank M. Davis, and his uncle and aunt, Mr. and Mrs. Leslie Davis.

A reception for the pair followed at the Pacific Coast club. Following a honeymoon to an undisclosed destination, the couple will be at home in Long Beach at 628 Atlantic avenue.

STORE OWNER MARRIES IN LAS VEGAS

Of interest locally is the marriage in Las Vegas on May 23 of Sam Feldman to Rose Oppenheim. Feldman is co-owner of the Artesia Men's and Boys' clothing store in Artesia, which operates the men's department of the Fashion shop in Cypress. The former Miss Oppenheim was a resident of Los Angeles.

The couple were attended by Ben Oppenheim as best man and Mr. and Mrs. Arthur Winner. After a brief honeymoon at El Rancho hotel, they returned home to Artesia.

Monthly Meeting Community Club Postponed A Week

Because the day regularly scheduled for the meeting of the Cypress Women's Community club coincides with the date set for the school picnic in Anaheim park, it has been decided to postpone the meeting one week. President of the group, Mrs. Frank Noe, feels that many parents will wish to attend the picnic with their children.

Mrs. James Bryant will be hostess to the club group on Tuesday, June 21, in her home on Hansen road.

DISCUSS NEW PARK POLICY AND SET "WHITE GOLD DAY"

After discussing the problem from many angles, the Recreation Park board reached a momentous decision Wednesday evening in its open meeting to which the public had been invited. Plans were also started for this year's "White Gold day" when President Jake Van Dyke asked for committee volunteers and appointed chairmen.

Mary Finney Again Headlines Holiday Stage

Welcome news to devotees of the summer theater at Tustin is the fact that Mary Finney has been signed for the ten-week season again this year. Immediately upon her arrival in southern California, Mary Finney will join the cast of the first Holiday Stage play, a musical, "Two Adams for Eve", now in rehearsal to open June 27.

Last summer at Tustin, Miss Finney scored hits in "I remember mama", "Life with father", "Claudia" and "Merton of the movies" opposite Sterling Holloway.

Nationally popular, the young character actress comes to Orange county following an engagement in Dallas, Texas, with the famous Margo Jones "Theatre '49". A contract with Holiday Stage this summer is a victory over offers for summer professional stock on the east-coast and a New York production.

FAITH TABERNACLE WOMEN FORM NEW MISSIONARY COUNCIL

The women of the Faith Tabernacle assembly met at the home of Mrs. H. D. Chambers, 9662 south Walker, Wednesday afternoon for the purpose of organizing a Women's Missionary council. This is a fellowship among the women of the Assemblies of God organized to aid in spreading the gospel both at home and abroad through prayer and bible study and working together for missions, both foreign and at home.

Officers elected were as follows: president, Mrs. H. D. Chambers; vice president, Miss J. E. Stogdill; secretary, Mrs. James R. Palmer; and treasurer, Mrs. Clarence G. Eigenhuis.

Mrs. Ben Hardin, sectional director for the Orange Belt area was present to set the group in order. She led in a short devotional from the 37th Psalms.

After the business session refreshments were served and a short social time was enjoyed.

Grad Exercises For Local School Thursday, June 16

Graduation exercises at Cypress elementary school will be Thursday evening, June 16. Linton Simmons, county superintendent of schools, will deliver the commencement address.

The class will and history will be presented by members of the class who will also sing several songs as a group. Talks will be given by James Iwashita, valedictorian and Peggy Flynn, salutatorian. Monte Ziebell will be master of ceremonies.

Secretary of the school board, D. T. Mackay, will present the diplomas and the Reverend W. D. Howard, of the Cypress Church of the Nazarene will give the invocation.

CALENDAR

Organizations wishing to have meetings or special events listed in this weekly calendar are invited to contact the office of the News, Buena Park 421, with their information.

FRIDAY—JUNE 10

TO THE GRADUATES

At this time of year in high schools and colleges millions of young Americans are handed their diplomas—and a lot of advice.

The diplomas are earned; the advice is free. Yet, the advice—assuming it is the standard stuff, i. e., work hard, play fair, etc.—is hardly less important than the diplomas. Certainly, unless it is heeded the scholastic awards become meaningless.

In this year more than in any other in the past decade it behooves youngsters to listen to the counsel of older men for the days of abundant jobs have vanished. Competition has returned.

More than ever, patience, persistence, hard work, creative imagination and the like, are needed to launch a successful career. But while job competition is keener, the doors are by no means shut to those of ability and ambition. Many business institutions such as California's largest bank, are ever on the lookout for young people of promise. These institutions offer opportunities which will enable the graduate to advance as far and as fast as his capabilities will carry him.

One's best bet—if we may offer our bit of advice—is to determine what line of business he is best fitted for by ability and temperament. Then he should concentrate his further studies and efforts in that direction.

To some graduates the world looks like a pushover; to others it seems terrifying. Neither is right. There is no ready-made formula for success but in the makeup of virtually every really successful man can be found such qualities as courage, conscientiousness and common sense.

DWINDLING ARMIES

The recent Memorial Day celebration focused attention on the rapidly dwindling ranks of the once great armies of the North and South which carried on the great struggle of brother against brother more than 84 years ago. Although the actual number of surviving veterans cannot be definitely determined it appears that there are still about 65 or 70 of them. One count placed the figures at 30 for the GAR and 38 for the Confederates. As small as the number is, however, it is somewhat startling to realize that men are still living who took part in that war so long ago. Those remaining were the youngsters of that war—even a 16-year-old at the time of Lee's surrender would now be at the century mark. Some of those who served with the South were as young as 10, however, when they joined. Incidentally, the number of pensions still being paid in connection with the Civil War is around 16,000, mostly dependents of veterans. The last pension of the War of 1812 was written off only a year or two ago. How long will we be paying for World War II?

... The world now has so many problems that once in a while you can find a college graduate who doesn't have all the answers for them.

HOME TO ROOST!

By John Phillips
I RISE TO REMARK

When I went home last summer, there was an issue rising like a tide in the minds of the people. We could feel it. Why the candidates for the presidency on the Republican ticket would not talk about it, when the people wanted to talk about it, will be as much a mystery as why they wouldn't make an active campaign at a time when the nation was in peril and the people wanted evidences of leadership. The result was that a little man with practically no backing, but who looked and talked like a fighting American, is in the White House, and the problems of bureaucracy, of government duplications and waste, and of subversive influences in delicate positions, are still with us too.

It is the matter of subversive influences in the State Department, in agencies having to do with foreign policies, even in the work of the Atomic Energy Commission, that I have in mind. You know how interested the people were last summer. I know that the Committee on Un-American Activities had over ONE MILLION requests they couldn't even answer, for copies of the booklets on communism. I mean, the committee had a million requests it couldn't reply to, in addition to all it did reply to, and couldn't send booklets. The Republican Party, then in control of the House, with its customary caution, when it comes to giving itself tools to work with, (even though it supplies millions to the bureaucrats to work against us) had refused, through its Committee on House Administration,

to supply the money for printing.

I have wondered what the people think now. My subcommittee, as you know, acts on the budget for the Atomic Energy Commission. We don't get the publicity; the Joint Committee gets that, and frankly, we don't want it. We control the purse strings, and it is easier to get results in a quiet committee room, rather than under the camera lights, in public. You will be interested to know that the decision to change the regulations, which permitted Freistadt to get a scholarship at North Carolina, came after a review of the papers, requested by your own Congressman, proved that there was nothing in his work so outstanding as to justify his selection.

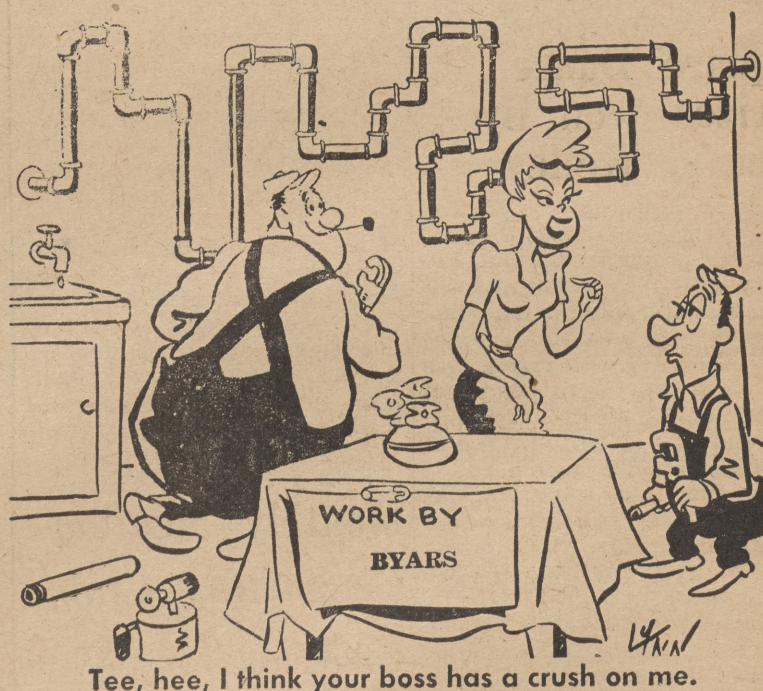

I hope you did not miss the report on the young lady who was employed at the White House for four years and dismissed as untruthful. She went to work for the Soviet Embassy. She then went to work for the State Department. A loyalty committee reported adversely. A year and a half later, she was still working for the State Department, handling cablegrams! An Assistant Secretary of State suggested she be transferred to a job with less access to secret information. The Office of Controls suggested she be fired. The months dragged on. She never was fired. Eventually she quit. I wish her case was exceptional.

The loyalty suspects from the State Department are now with UNESCO at \$10,000 per year. At least 12 suspects are on that payroll. The old UNRRA crowd seems to be moving over. Some of them moved from the California picture into the national and international picture. California is extremely lucky to have its own Un-American activities committee (the Senate Fact-Finding Committee on Un-American Activities) of which Senator Jack Tenney is chairman, and on which Senator Nelson Dillworth of Riverside County and Senator Clyde Watson of Orange County are hard working and courageous members, as are State-Senators Kraft, Sutton and Burns.

It is time for the interest and determination of the people to start rising again.

Teachers Form Local Club

Teachers in the elementary school have formed a group to be known as the association of Cypress teachers. Their motto is "action" because the initials spell the word "act."

Officers for the 1949-1950 school year are Mrs. Lois Lissner, president; Mrs. Elizabeth Jones, vice-president; Miss Norma Jean Harding, secretary; Leonard Rowe, treasurer; and Miss Wanda Armour, parliamentarian.

All of the teachers were re-elected for the coming year.

The first meeting of the association was Tuesday afternoon. Miss Elizabeth Miller, supervisor for this rural school district from the county office, was present to help plan for institutes and demonstrations to be held next year. The institutes are to be held locally in the Cypress building. Other schools may participate, however.

EIGHTH GRADE CLASS SPENDS DAY AT ZOO

Boarding the Santa Fe streamliner at Santa Ana, members of the eighth grade spent Thursday visiting the zoo in San Diego. The class was taken in cars to entrain at 8:42. A special section for the Cypress group was provided, and a bus at the depot in San Diego transported them from and to the train. At 5:33 they were met by the school bus and cars for the trip home from Santa Ana.

The experience was thrilling and exciting and one to be remembered.

SUCCESSFUL FARMER MUST KEEP RECORDS AND ACCOUNTS

Keepings records and accounts is essential to good management and successful farming, says Arthur Shultis, agriculturist in the University of California College of Agriculture on the Berkeley campus.

All that is needed are 60 to 100 hours a year: an hour every two or three days to pay the bills and make the entries; an evening once a month to check the record book with the bank statement and obtain monthly totals; a day or two at the end of each year devoted to annual statements and analysis.

The main purpose of keeping financial records on a farm is to determine the earnings and discover means of increasing them. Records are also helpful in furnishing data for income tax returns. They provide a historical record of transactions, events and production for future reference; determine the net worth and financial status of the farmer; and aid in the administration and management of the business from day to day, in the payment of wages and bills, and conserving of funds and supplies.

Read These

Any parents whose child was unfortunate enough to lose an article of clothing during the school year are asked to come to the school. Many expensive garments are being held, and many of the pupils may not know their own garments.

No school Friday, June 17.

The last issue of the Cypress School Globe, newspaper published during the year by Mrs. Arnold's fifth and sixth grades, will be on sale Thursday, June 16 for 5c a copy. This will be printed and will be a souvenir edition to be cherished as a keepsake.

Thursday, June 16, the last day of school, will be a regular school day. The eighth grade will be dismissed at noon, but will be in the school auditorium at eight o'clock in the evening for their graduation exercises. The public is invited.

The teachers and Miss Dickerson, district superintendent, wish everyone a very pleasant vacation. The county schedule calls for the opening of school again on September 12.

"KING'S X" FOR NOW

MORE TEACHERS TELL MORE SUMMER PLANS

Mrs. Elizabeth Jones and her father, William Parnell, will visit in Marion, Kansas, as soon as school is out.

Miss Wanda Armour and her mother and sister will go by plane or train to Steubenville, Ohio, for a visit with friends and relatives.

Miss Marjorie Turpin, who lives in Long Beach, plans to spend most of the summer in her home there, although she will attend a session of summer school at Whittier.

NEW AG PROGRAM TO FEATURE HOME BEAUTIFYING

Ornamental Horticulture of the study and practice of using flowers, trees and shrubs in the beautification of the home grounds is to be a featured course in the agricultural program of Fullerton Junior College for the next school year, according to Walter Wood, recently employed instructor.

There has been a general break-away from the old fashioned lawn and foundation planting type of landscaping for small residential plots, Wood says, with emphasis on planting to provide year around color and utilization as an "outdoor living room". In consequence, the nursery business is booming and a wider variety of shrubs and perennials have come into use, making employment in this field important for training consideration, he said.

TOO BUSY TO COOK THESE WARM EVENINGS?

Why not dine out before attending the night ball game or grad exercises?

TRIANGLE DRIVE INN

FARM LABOR SUPPLY BARELY KEEPS UP WITH DEMAND

Agricultural employment continues to rise in California, with most areas of the State reporting that the labor supply is barely keeping up with the demand. Some areas are still seriously short of experienced workers, or workers who are willing to remain on the job long enough to become experienced.

Edward F. Hayes, Chief of Farm Placement for the Department of Employment, reports that workers can find employment in citrus picking jobs in Southern California. He said citrus picking is a skilled occupation requiring a few days' apprenticeship before the worker can expect to be proficient at the job. Once the worker obtains the skill, he can expect to have almost year-round employment in this work. Housing is available for single men only.

Other areas of the State reporting a continued demand for additional workers are the Salinas area for vegetable workers, and San Joaquin County for cherry pickers.

Interested workers are urged to contact the nearest local office of the Department of Employment for the latest information regarding agricultural jobs.

NEW CHILDREN'S BOND CERTIFICATE ISSUED

A colorful new children's bond ownership certificate is now available without charge at Southern California banks, post offices and other U.S. Savings Bonds issuing agencies for children who buy Savings Bonds or for whom bonds are bought, J. B. Messick, State Director of Treasury Bond Sales, announced today.

when cakes turn out best—without a peek or a test

of course
—it's electric!

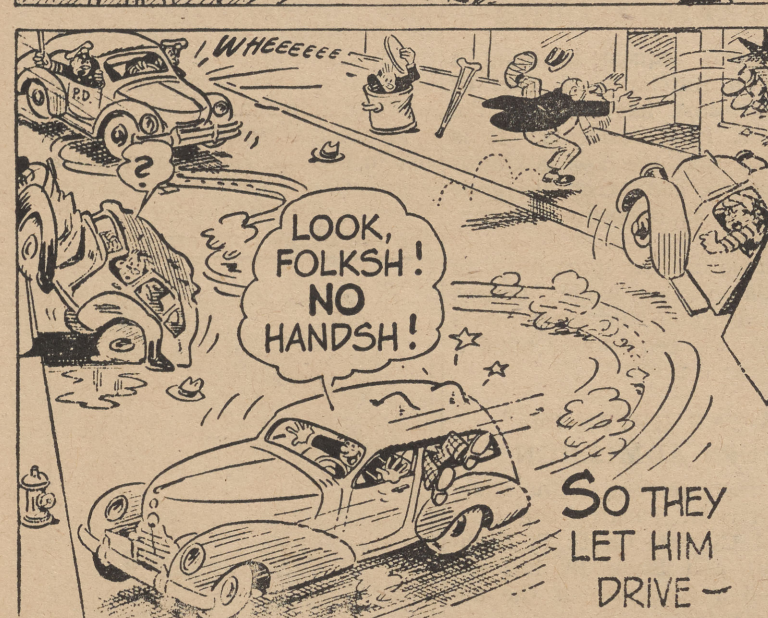

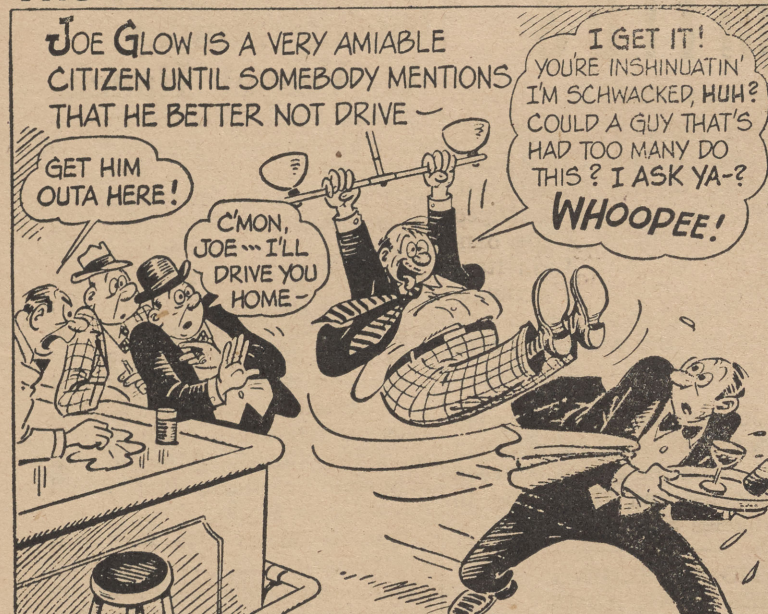

Pretty as the cookbook picture and good as it looks—that's the cake you bake in your modern electric range. And here's the best part of your secret of success: No need for peeking in the oven to watch its progress, no testing to see when it's done. Between the mix'n' and the fix'n', controlled electric heat guarantees perfect results. Modern electric ranges are efficient and dependable. See them at your dealers now.

CYPRESS LOCALS

"Billy" Davidson, son of Mr. and Mrs. W. Davidson, was operated on Monday morning in St. Joseph's hospital. It has been necessary for the lad to wear a brace on his leg following an accident four years ago when he was cut in a mower. It is hoped that this operation will accomplish a complete recovery.

Bruce Goode, who is employed at the Triangle drive-in, returned Wednesday from a short visit in Phoenix, Arizona.

Estate of Newett Samuel Belcher of Cypress, who died last Monday, was left to his widow, Mrs. Reba Belcher, under terms of his will which has been filed for probate in superior court.

Mrs. Betty Grubich has been helping during rush hours in Leona's Fifth Gear cafe. Mrs. Grubich and her husband, George, were former residents of Cedar Rapids, Iowa, who now live in Hawaiian Gardens.

Mr. and Mrs. C. W. Biggs, of Gay street, enjoyed a visit last week-end from his nephew, John Campbell. A member of the hospital corps of the U. S. Navy, Johnnie is stationed in San Diego. His mother, who lives in South Carolina, is Biggs' sister.

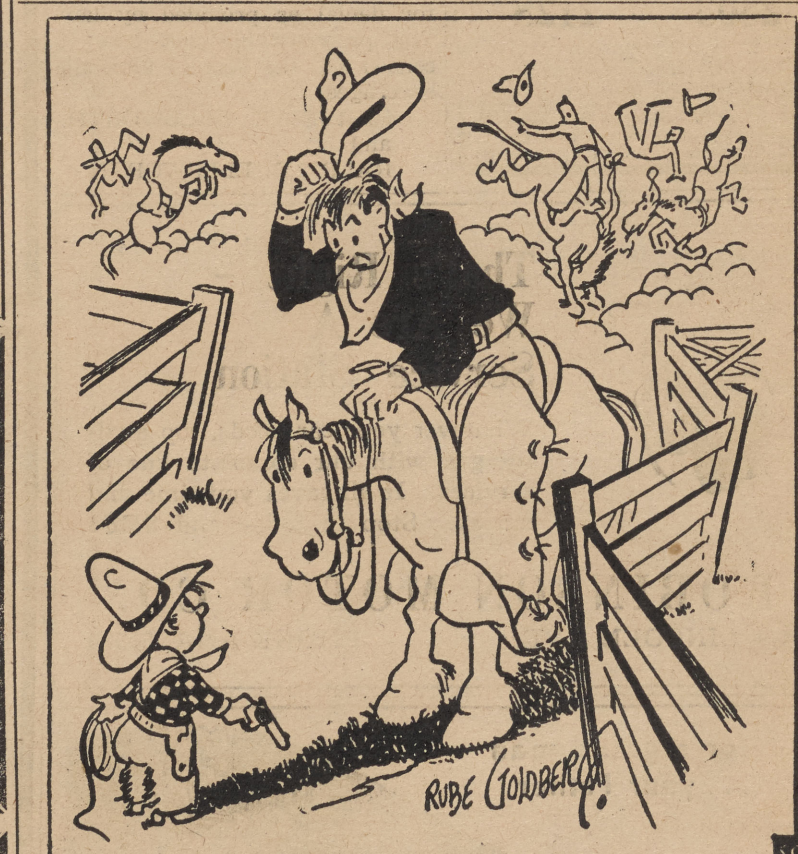

The mother of Lawrence Arbiso, of Cypress, Mrs. Mary Louise Arbiso, 1088 Flower street in Stanton, died Saturday at Orange county hospital. She was a native of San Gabriel. Services were in charge of the Honold Brothers mortuary in Garden Grove.

Parents of boys five years old or over are reminded that Manie Lieberman, of the Long Beach YMCA, will again be on hand for instruction in boxing on Saturday morning at the Ray Edwards home at 5412 Camp St. New members are welcome and boys already enrolled are urged to be present. Mrs. Edwards reports that attendance has been gratifying the past few Saturdays.

Ward R. Suddaby, painter who lives in Cypress at the Davis residence, has been assisting with the work of remodeling and re-decorating at Henry's drugstore.

Arriving at the Clarence Norland home this week to stay permanently are their son and family, Mr. and Mrs. I. V. Norland. Coming from Galva, Kansas, the family will live temporarily on a home on Sumner place. The couple have three children, Elbert, Bessie Marie and Ann.

Mrs. Earl Essex is leaving early Sunday morning for a several weeks' visit with her relatives in Livingston, Montana. She will be accompanied as far as Seattle by Lt. Comdr. Robert Rath and his wife, Pearl, of Long Beach. Mrs. Rath and Mrs. Essex are cousins.

MID-MAY SHOWER HALTED FOREST FIRE THREAT, SAYS RANGER

Surprise rains of mid-May, which added nearly an inch to the season's total precipitation in parts of Orange county, blocked momentarily a serious fire threat in the forest areas, though it merely tantalized irrigationists and even interfered with some agriculture, coming just after the beans were planted, so that some replanting was necessary.

Benefit to forest fire fighters was definite but decidedly transient, said Joe Scenerman, state ranger at Orange. There had been no rain of consequence since mid-March and, with the usual early April precipitation missing, the grass long since had been burned crisp by the hot, windy weather of spring. The fire season was in full swing much earlier than usual, and runs already had been made to several grass fires in the valley.

So the rain acted as a temporary check, but since it did nothing to green the hills, the fire hazard went right back into business by the time the hills had dried. Joe Scenerman merely got a few nights sleep, to brace him for the long, nerve-taut months of constant vigilance and one-eyed slumber, when a back-firing automobile is likely to bring him leaping from the middle of a nightmare about last year's 45,000-acre blaze.

The scars of that conflagration are largely covered now by the crop of mustard sown from the air last fall. Scherman estimates that 75 per cent of the burned-over area was successfully planted. The percentage would have been much larger but for the desert winds that later swept the hills, lifting top soil and seed from the eastern slopes and tops of ridges and blowing it over to the bottoms of canyons on the west slopes. The wind, said Scherman, eroded the hills worse than rain would have done.

B. P. Boy Saved In Sea Tragedy

A Fullerton Optometrist and a small girl were drowned Monday night when a fishing boat carrying a vacation crowd of north county youngsters, including one from Buena Park, careened sharply and threw 17 persons into the water of Catalina Island.

Vernon Underwood, 15, of Buena Park, was among those swept overboard from the Fishing Boat O-Tay but rescued.

The dead are Dr. Victor L. Mann, 39, 642 W. Commonwealth, Fullerton, and Geraldine Monette Clark, 12, daughter of Mr. and Mrs. Ralph Clark of Houston, Texas.

There were 20 youngsters, three adults, and a crew of three aboard the craft. The accident report stated that Skipper Ray Nelson, Costa Mesa, veered the fishing smack sharply and that a live bait tank broke its deck moorings and swept 15 children and two adults into the sea.

CENTRALIA SCHOOL'S PICNIC JUNE TENTH

At a meeting of the executive board of Centralia P.T.A. last week, plans were made for the annual school picnic on June 10 at Irvine Park. Mrs. Ray Dillon is chairman of arrangements.

As many as can be asked to help furnish transportation. The school bus holds only 60 children. A truck will be on hand to transport bicycles to the park when the group is scheduled to leave at nine o'clock in the morning.

Mrs. Carl Korn, newly elected president, also announced the chairmen of standing committees for the coming year.

OKLAHOMA PICNIC

The Oklahoma State Society of Long Beach will hold their annual picnic in Bixby Park, 2nd and Broadway, Long Beach, next Sunday, June 12, all day. Lunch will be at noon and entertainment will include a band concert.

SCHOOL GRADUATION EXERCISES JUNE 16

Members of the eighth grade graduating classes are visiting today in Los Angeles, touring the city. A visit is planned to the zoo, Griffith park planetarium, the museum in Exposition park and other points of interest.

Plans for the graduation exercises on June 16 will be under the supervision of the children themselves.

NOTICE OF FILING OF USE PERMIT APPLICATION NO. 2208, OF CHARLES BURROWS, TO ESTABLISH A DAIRY ON 120 ACRES LOCATED ON THE SOUTH SIDE OF KATELLA AVE. ABOUT THREE - QUARTERS OF A MILE EAST OF LEXINGTON DRIVE, IN THE EAST LOS ALAMITOS AREA, AND NOTICE OF A PUBLIC HEARING TO BE HELD THEREON BY THE ORANGE COUNTY PLANNING COMMISSION.

Notice is hereby given that pursuant to Ordinance No. 477, and the procedure set forth in Section 17, Ordinance No. 351, (Land Use Ordinance) of Orange County, California, as amended, there has been filed with the Orange County Planning Commission Use Permit Application No. 2208, of Charles Burrows, to establish a dairy on 120 acres located on the south side of Katella Ave. about 3/4 mile east of Lexington Drive in the east Los Alamitos area. The maximum number of cows will be 600. A milk house 20 ft. by 45 ft. will be erected 110 ft. from the center of Katella Ave. and a barn 250 ft. by 75 ft. will be 25 ft. back from the milk house. The corrals will be in the rear of the barn, 380 ft. from the closest side line.

Notice is further given that a public hearing on said application will be held by the Orange County Planning Commission at 3:00 P.M., June 17, 1949, in the hearing and meeting room of said Commission, Room 315, Court House Annex, Santa Ana, California, at which time and place all persons either favoring or opposing the proposed enterprise will be heard.

For further details regarding the above matters, reference is hereby made to said application on file in the office of said Commission at the above address.

HAROLD ST. JOHNS,
Secretary Orange County Planning Commission.

THE AMERICAN LEGION is offering a two scholarship award this year, to be given the best all-around boy and girl scholar on graduation night, June 17.

The Baptist church of Los Alamitos young people's group last Thursday night held its regular monthly get-together. About 40 young people were present, while the following Sunday the adult group held an evening of vocal entertainment, with a large group in attendance.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES
June 6, 1949

Notice is hereby given that fifteen days after the date posted, the undersigned proposes to sell alcoholic beverages at these premises, described as follows:

4604 Lincoln Blvd., Cypress, Orange County.

Pursuant to such intention, the undersigned is applying to the State Board of Equalization for issuance on original application of an alcoholic beverage license for these premises as follows:

On-Sale Beer License.

Anyone desiring to protest the issuance of such license may file a verified protest with the State Board of Equalization at Sacramento, California, stating grounds for denial as provided by law. The premises are not now licensed for the sale of alcoholic beverages.

Current visitor from Corpus to Lura Labourdette, Grace Johnson, Viola Brown, Mina Ford, and Mrs. Gus Myers, who helped to make the 7th-8th grade banquet a success. Mrs. Leah Randolph was in charge of arrangements. The evening's entertainment and serving was taken care of by the children themselves.

Art Jones, and Mr. LeBres enjoyed a fast baseball game, when they attended the games between Los Angeles and Hollywood in Los Angeles Sunday.

QUESTION BUILDING DAIRIES NEAR HOME TRACT AT LOS ALAMITOS

A recent request to build a dairy on Katella road, east of Los Alamitos, has not won the favor of local residents. It is reported that the Los Alamitos chamber of commerce has gone on record as opposing the construction.

Because of the proximity to the Alamo tract, which houses many veterans' and navy men's families, the requests to build a dairy was contested.

The Sunday School class of the Los Alamitos Congregational church have a picnic planned for Sunday, June 12, in Anaheim Park. They will leave here at 11 o'clock to enjoy a pot luck dinner, and possibly a swim in the park plunge.

The American Legion is offering a two scholarship award this year, to be given the best all-around boy and girl scholar on graduation night, June 17.

The Baptist church of Los Alamitos young people's group last Thursday night held its regular monthly get-together. About 40 young people were present, while the following Sunday the adult group held an evening of vocal entertainment, with a large group in attendance.
